

A Shelter of Hope **ASHA NEKETON**

One day while walking down the street in Kolkata, I came across many street children. As I saw a group of children on this one particular sidewalk in South Calcutta, the Lord led me to talk to them. I found out that they were mostly orphans; children whose parents had died from HIV/AIDS. Some of them whose mothers are prostitutes. They were malnourished, dirty and half naked -- depressed, abused and left almost without hope.

The Lord gave me a compassion to arrange food and share the love of the Father (who created them) to these precious children. Today, we have more than fifty children receiving free basic education and food daily.

It is our desire to build an orphanage where these children can be given free education, food and shelter.

How to begin?

Take the first step today! Fill out the attached form and mail it to us. We will send the photo and personal story of one child on our list, along with everything you need to make an informed decision.

Your support of €10 or more will give new life to a child.

Your help can change a child's life.

You can sponsor a child and can get related to the child. The child will get a new identity and will know that you are his or her's and that they are no more orphans. They can also write to you and share their life with you.

Your support of €10 or more each month provides a child with food, clothing & education. Opportunities to be self dependent when they grow up. Your support will change his/her life.

You can also share your love and faith.

Enjoy this wonderful experience of touching the hearts of the neglected & rejected ones by sharing the love of Jesus with them. Once you have become a sponsor your child will get connected to our local church, enabling him/her to hear the gospel and develop trust in Jesus Christ.

Women and children who have been forced into the sex trade are being offered friendship and support providing physical, emotional and social care by HOR. Several projects have been designed to offer young women a way out of their situation and give them a ray of hope in life.

Card Making School: They learn to make greetings card, we sale those and they gets money. These womens get new job to earn and leave their old habit.
